

## Bluetooth® Speaker Mini XBOY Recycled 3W Luminous built-in selfie trigger Orange Xoopar

### Descriptif produit

#### The iconic Xoopar Bluetooth speaker now in an BIO version!

Ultra compact speaker (7.5cm)  
The Mini Xoopar Boy is the perfect companion for listening to your music anywhere. It will easily fit in your handbag, sports bag or travel bag and will definitely make all your friends jealous!

Bluetooth 5.0 technology  
Activate the Bluetooth of your smartphone (as well as your computer) and pair your XBOY. That's it.

Speaker available in mono or stereo version  
Make them walk by 2 and get a 360° stereo sound!

Enjoy great sound quality thanks to its 3W mono speaker.  
Turn up the sound in your room

4h battery life  
4 hours of continuous music wherever you go, from your bedroom to the living room, or from your sofa to the boarding room.

Built-in selfie remote control.  
Like all mini XBOYs, capture your best moments with the built-in selfie remote.

Multi-LED lighted face and integrated hand strap  
It has a multi-LED lighted face and the built-in hand strap allows you to hang it anywhere.

Head made from recycled plastic bottle.  
The head was made from recycled plastic bottles and the body was made from bioplastic.
