

## Ultra-reinforced USB A / microUSB Cable 2.1A 2m Gray + Lifetime Warranty Force Power

### Descriptif produit

#### High performance Lifetime Warranty products

The reinforced Force Power cable guarantees extreme resistance to withstand repeated disconnection and handling.

High strength technology  
Dyneema® coating 15 times stronger than steel which offers traction strength of up to 50 kg.

Reinforced internal construction  
Heat-sealed metal hook that prevents the connector from being pulled out.

Component insulation  
Sheathing of metal cables with a layer of Vectran® against electrostatic shocks

Very strong articulated design  
Designed to be bent and withstand up to 50,000 bends at 180 degrees without damaging your cable

Fast Charging and Synchronization Speed  
High performance components that provide much faster charging speed than conventional cables.

Reversible design  
For even easier connections without worrying about orientation.

100% dedicated to mobility thanks to the Smart Companions offered with each product in the range

A smart cable tie is included with your product to roll up and easily transport your charging cable.

**EAN : 3571211389880**

**Pack contents :** USB A / microUSB Cable 2.1A 2m + Lifetime Warranty + User Guide/Security/Warranty

### Informations complémentaires

How the lifetime warranty works

Thanks to the lifetime warranty, FORCE will replace your product with a simple exchange for a new one if it is defective or damaged.

To benefit from the lifetime warranty, simply create an account in a few clicks and register your product on the website <https://force-mobility.fr/fr/utiliser-garantie>, within 30 days of your purchase, with your proof.

The FORCE service will send you a new product in exchange for your old defective product. Once a year

and without time limit so that your mobile always remains perfectly equipped!

If you have purchased FORCE PLAY wireless headphones:

Thanks to the lifetime warranty, FORCE will replace your right or left earphone with a new earphone in the event of loss.

To benefit from the lifetime warranty, simply create an account and register your product on the website <https://force-mobility.fr/fr/utiliser-garantie>, within 30 days of your purchase, with your proof.

The FORCE service will send you a new replacement earphone for the lost earphone. Once a year and without time limit so that you can always enjoy your music!

FORCE: The smartphone accessories brand Lifetime warranty

- Sustainable accessories designed to last a long time
- Technological innovation at the service of performance and use
- A lifetime warranty to satisfy the most demanding customers
- A responsible commitment from the design of the product to its packaging: Recycled plastic, certified cardboard from responsible forest management, vegetable glue) and soy ink.
- A recycling center with pre-paid return of old products to be recycled to promote the circular economy

FORCE is a French brand whose products are designed and developed in Paris. French specialist in smartphone solutions for 25 years, our products are tested and certified according to the CE standards and directives in force on the market.

From its delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?

You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?

Using the QR code or link provided in the pack of the purchased product [www.force-mobility.fr/recyclerie](http://www.force-mobility.fr/recyclerie), download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?

Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!

The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
