

## Pack DuoSport electro-stimulator Bluetens

### Descriptif produit

### Improve your performance: boost your recovery!

The DUO Sport model has been specially designed to meet the specific needs of athletes in terms of electrostimulation. Easy to use, intuitive, and very efficient, it is really perfect to optimize muscle strengthening, accelerate recovery and generally improve your sports performance.

After the success of the Bluetens, the French company wanted to develop an ultra-performing connected product for athletes. Like the first model, its use remains very simple and the programs are clear thanks to a very well done smartphone application.

Moreover, this model is wireless for an ultra-connected use without any inconvenience (cables). This Duo Sport pack consists of two devices for twice the performance.

To cover all needs, the Bluetens application offers 3 modes and more than 100 real programs. The three modes are self mode, relaxation/recovery and strengthening.
