

Samsung Galaxy A10 Case Ultra thin Designed for Samsung Transparent Samsung

Descriptif produit

Thin and discreet protection against bumps and scratches

Thin, light, but offers total protection

This case fits perfectly to the design of the mobile

Flexible material

This flexible but also protective material offers protection and durability to protect against bumps and scratches.

Protection and elegance

The transparent case preserves the smoothness and design of your mobile while providing easy access to all buttons and ports on your device.

Reinforced protection

Designed to fit closely to the contours of your smartphone, the transparent case will effectively protect your device from bumps, keeping it as pristine as the day you bought it.
