

Apple iPhone 11 Pro Sellier glossy button Folio Black Façonnable

Descriptif produit

This folio seduces at first glance with its clean and understated design.

Covered in a textured-effect eco-leather, this folio brings a touch of aesthetics to your mobile.

Thanks to its SoftTouch interior, your screen stays away from scratches and scratches.

With a hard case to keep your phone inside, custom designed, it leaves the buttons, connectors, ports, cameras accessible thanks to the many integrated cutouts.

This case also fulfills the role of a wallet thanks to its storage spaces. You will have all your personal belongings close at hand. Easily place your credit cards and notes in the compartments dedicated to them.

Thought out down to the smallest detail, find the Façonnable brand logo, inlaid in the lacquered button on the front. Reinforced by topstitched finishes with high seams, these accentuate its elegance and authenticity.

Even more practical, a magnetic tab reinforces its protective side by keeping the valve tightly closed.

Easy to install, all you need to do is insert your mobile into the support case, then close the flap and you're done.
