Descriptif produit

An elegant and practical leather protection for your smartphone

This leather / crystal duo allows you to both protect your smartphone while showing its design and its initial color.

This accessory optimizes your movements thanks to these two dedicated card spaces and the cutout at the speaker location allows you to make calls when the folio is closed.

Our full-grain, tone-on-tone stitched leathers are selected and treated to obtain a patinated appearance over time while respecting the appearance of the colors.

Our signature microfiber perfectly represents the strength and elegance of our Beetlecase brand while protecting your mobile.

The Beetlecase beetle is discreetly represented on the outside of your case.
