

## Set Bluetooth® Speaker Symphony with Essential Oils Diffuser + 3 oils Softness & Relaxation Aromasound

### Descriptif produit

**To fully enjoy sweet moments of relaxation, Aromasound invites you to discover the benefits of the diffusion of essential oils associated with music and light.**

The Freshness & Vitality box includes the Symphony white diffuser, the essential oils of Lemongrass and exotic Verbena as well as the Citrus Fragrance synergy. All these essential oils and synergy have been checked by Ecocert and are composed of elements from organic farming.

Symphony is a cold mist diffuser. Pour water in its upper compartment, a few drops of one of the included oils, turn on and create your cocoon of well-being. Fully controllable remotely thanks to the Aromasound application, Symphony allows you to broadcast, listen to music thanks to its 15Watt speaker and have a soft subdued light. With its rechargeable battery, you can take it wherever you want.

Citronella essential oil is a must-have for your summers! It helps ward off harmful insects, relieve mosquito bites, and clean the environment.

The Citrus fragrance synergy based on sweet orange and lemon will deliciously perfume your interior.

As for the exotic verbena, it is always good to have it on hand for peaceful nights and as the start of the school year or the return to work approaches, it will prove to be an undeniable ally.
