Descriptif produit

High performance Lifetime Warranty products

The Force Power Power Delivery compatible car charger guarantees ultra-fast, intelligent charging as well as extreme resistance to support you efficiently on a daily basis.

Power Delivery

Its Power Delivery compatible charging protocol is much more efficient than conventional charging technologies. Compatible with iOS (Apple) and Android (Google, Samsung, Xiaomi, Oppo...) devices, it offers an ultra fast, safe and convenient alternative to charge all your devices.

Extremely fast charging time

The USB C port on your charger offers a maximum charging speed of 25W to charge your device up to 70% faster than standard 5W* technology. This technology will allow you to charge up to 50% of the battery of your iPhone 8 or later or your Samsung S20 or later in about 30 minutes!

Smart and eco-responsible charging

The charger automatically detects the charging current required for fast charging. When the charge level reaches 100%, it cuts off the power supply, preventing the battery from running without interruption. This innovative technology avoids the risk of overheating and gives a longer battery life. When you're in a rush, our chargers will give your battery a boost in no time.

Power Delivery compatibility

To get the optimal charging speed from a Power Delivery charger, you need an or Android device compatible with this technology, a USB type C to USB type C or Lightning to USB type C charging cable and a USB-PD compatible charger.

Strong and secure

Ensures resistance to shocks, scratches, high temperatures and overvoltages for risk-free use over time.

Convenient and essential

Suitable for your daily use, for home, office, car or sharing with family or friends.
