

Smart Camera A1 Full HD 1080p Indoor White IMOU

Descriptif produit

The A1 camera provides essential protection when you are away from home.

Advanced AI Human Detection

Industry-level image processing technology accurately finds human targets in the streaming and immediately sends notification to your smartphone, allowing you to monitor what matters without receiving annoying false alerts.

1080P Full HD Video & H.265 Compression

2MP sensor and advanced IR algorithms provide crystal clear video both day and night. The cutting-edge H.265 compression reduces network bandwidth and storage usage by 50% at the same video quality.

0 to 355° Pan & 0 to 90° Tilt

Rotate the camera to view every corner of your home. Full range ensures no blind spots.

Human Motion Tracking

The camera automatically focuses on and follows moving people when a human target is detected.

Privacy Mode

One click in the Imou Life app to hide the camera lens, protecting your personal privacy when you are home.

Built-in Siren

With the built-in siren, scare unwelcome strangers away.

Set your own voice recording in the Imou Life App for a personalized siren, or for other requirements

Abnormal Sound Alarm

Sends instant alerts to your smartphone whenever it detects a baby crying or other abnormal sounds, keeping you aware of what's going on at home from anywhere.

Two-way Talk

The built-in speaker and microphone with echo cancellation allows you to interact with pets and family, or dissuade unwelcome guests.

Diversified Storage

Video is securely stored and accessed through a Micro SD card, NVR or Imou Cloud storage. Cue 2 supports 24/7 continuous recording.

Imou Cloud

Imou Cloud makes your life easier with alarm notifications, live video streaming, and one-touch firmware updates.
