

iPhone 13 Reinforced Case Feronia Bio Clear 3m Transparent Itskins

Descriptif produit

Reinforced transparent recyclable case

Each FERONIABIO // CLEAR case is precision-made to highlight your iPhone's features.

It has a high anti-yellowing resistance so you can be sure your case will stay crystal-clear over time.FERONIABIO // CLEAR offers the same eco-friendly drop protection design you can expect from ITSKINS.

Our signature HEXOTEK impact absorption technology has been integrated into the interior perimeter of the case, making it drop safe from up to 3M/ 10 Feet.

The slim, lightweight design and raised edges won't add extra bulk to your iPhone while it shields against everyday bumps and scratches.

FERONIABIO // CLEAR has been Eco-Designed, made from plant-based materials and produced with sustainable methods wherever possible.
