## Smart Watch Galaxy Watch 5 BT 40mm Graphite Samsung

### Descriptif produit

#### Full of insights and motivation to fuel your fitness glow up.

Meet your new sleep coach

Develop better sleep habits with Advanced Sleep Coaching that helps you manage your overall sleep quality.

Tracking that's state of the heart

Get accurate wellness readings thanks to an improved, curved sensor that gets closer to your skin.

Power that keeps up with you

Stay powered up throughout your busiest days with an improved battery that can keep up with you.

Synced. Ready for adventure.

Bring your Galaxy devices into perfect harmony. Stay connected on your adventures when you sync Galaxy Watch5 to your other Galaxy mobile devices.

Get smarter about your body

Get stats that help you be at your best with body composition info right on your wrist — everything from body fat readings to your Body Mass Index (BMI).

Track your outdoor adventures

Whether you're running, swimming or rowing, make the most of every outdoor adventure with Auto Workout Tracking.

Made for active lifestyles

Do all your daily routines with confidence — the sapphire crystal glass face is 1.6x stronger to stand the test of the hardest days.

A look for every workout

Show off your sense of style. Customize your outfit with a wide array of band and watch-face choices that can match any mood or look.
