

USB C Charger UK plug 30W Power Delivery GaN Gray + Lifetime Warranty Force Power

Descriptif produit

High performance Lifetime Warranty products

The Force Power wall charger compatible with Power Delivery guarantees ultra-fast charging to support you efficiently day-to-day.

Power Delivery: unequaled charging speed

Its Power Delivery compatible charging protocol is much more efficient than conventional charging technologies. Compatible with iOS (Apple) and Android (Google, Samsung, Xiaomi, Oppo...) devices, it offers an ultra fast, safe and convenient alternative to charge all your devices.

Extremely fast charging time

The USB C port on your charger offers a maximum charging speed of 30W to charge your device up to 70% faster than standard 5W * technology. This technology will allow you to charge up to 50% of the battery of your iPhone 8 or later or your Samsung S20 or later in about 30 minutes

Power Delivery compatibility

To get the optimal charging speed from a Power Delivery charger, you need an Apple or Android device compatible with this technology, a USB type C to USB type C or Lightning to USB type C charging cable and a USB-PD compatible charger.

Ultra compact GaN technology

The charger is much less bulky than a traditional charger or computer charger, making it easy to carry for daily use or on the go.

Smart and eco-responsible charging

The charger automatically detects the charging current required for fast charging. When the charge level reaches 100%, it cuts off the power supply, preventing the battery from running without interruption. This innovative technology avoids the risk of overheating and gives a longer battery life. When you're in a rush, our chargers will give your battery a boost in no time.

Strong and secure

Ensures resistance to shocks, scratches, high temperatures and overvoltages for risk-free use over time.

Convenient and essential

Suitable for your daily use, for home, office or sharing with family or friends.

100% dedicated to mobility thanks to the Smart Companion offered with your product
Clever accessories offered that allow you to enhance the product experience.

Lifetime Warranty

Force Power replaces your new charging accessory in case it becomes damaged!

* The recharging time depends on the recharging capacity of the devices but also on the temperature, the wear of the battery, the power delivered by the charger and the charge level of the device.

How does the Recyclerie work?

You have just purchased one of our products and you wish to return your old product to us for recycling.

We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?

Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?

Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!

The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
