

25W USB C PD Power Delivery Wall Charger White - Lifetime Warranty Force Power Lite

Descriptif produit

High performance Lifetime Warranty products. Made from 100% recycled plastic.

The Force Power home charger is Power Delivery compatible and guarantees ultra-fast charging to accompany you efficiently in your daily life.

Power Delivery: unrivalled charging speed

The efficiency of its Power Delivery compatible technology guarantees a much faster charging speed than the traditional protocol which requires hours. Its USB C port provides a maximum charge of 25W to charge your device up to 70% faster than standard 5W technology*.

One powerful charger for all your devices

No more multiple chargers at home and in the office: choose one efficient charger for all types of smartphones and tablets !

Extremely fast charging time

This charger offers a high performance solution to power all your iOS (Apple) and Android (Google, Samsung, Xiaomi, Oppo...) devices. Charge up to 50% of the battery of your iPhone 8 or later model or your Samsung S20 or later model in only 30 minutes*!

Smart and secure

The charger automatically detects the required fast charging current: handy if you are in a hurry to boost your battery in a short time! This innovative technology avoids the risk of overheating and gives the battery a longer life. When the battery is full, the power supply is switched off to prevent the battery from running continuously.

Power Delivery Compatibility

To benefit from the optimal charging speed of a Power Delivery charger, you need a Power Delivery compatible device or Android, a USB Type-C to USB Type-C or Lightning to USB Type-C charging cable and a USB-PD compatible charger.

Stylish finish

Its metallic finish adds a touch of elegance to the design.

Lifetime warranty

Force Power replaces your charging accessory with a new one in case it gets damaged!

Eco-designed with 100% recycled plastic

This product is made from recycled plastic to reduce the use of single-use plastics and support the circular economy.

*Charging time depends on the devices charging capacity, temperature, battery wear, power output of the charger and the charge level of the device.

Works with the following protocols: AFC (Samsung), FCP (Huawei), PPS (Samsung), PD 3.0 (Apple, Samsung, Fairfone, One Plus), Apple 2.4A (Apple), QC 4.0+ (Xiaomi,
