

30W USB C PD Power Delivery GaN Wall Charger Gray - Made in France certified - Force Power

Descriptif produit

High performance Lifetime Warranty products. Made in France

The Force Power wall charger compatible with Power Delivery guarantees ultra-fast charging to support you efficiently day-to-day.

Power Delivery: unequaled charging speed

Its Power Delivery compatible charging protocol is much more efficient than conventional charging technologies. Compatible with iOS (Apple) and Android (Google, Samsung, Xiaomi, Oppo...) devices, it offers an ultra fast, safe and convenient alternative to charge all your devices.

Extremely fast charging time

The USB C port on your charger offers a maximum charging speed of 30W to charge your device up to 70% faster than standard 5W * technology. This technology will allow you to charge up to 50% of the battery of your iPhone 8 or later or your Samsung S20 or later in about 30 minutes

Power Delivery compatibility

To get the optimal charging speed from a Power Delivery charger, you need an Apple or Android device compatible with this technology, a USB type C to USB type C or Lightning to USB type C charging cable and a USB-PD compatible charger.

Ultra compact GaN technology

Miniaturized components for extreme compactness. The charger is much less bulky than a traditional charger or computer charger, making it easy to carry for daily use or on the go.

Smart and eco-responsible charging

The charger automatically detects the charging current required for fast charging. When the charge level reaches 100%, it cuts off the power supply, preventing the battery from running without interruption. This innovative technology avoids the risk of overheating and gives a longer battery life. When you're in a rush, our chargers will give your battery a boost in no time.

Strong and secure

Ensures resistance to shocks, scratches, high temperatures and overvoltages for risk-free use over time.

Convenient and essential

Suitable for your daily use, for home, office or sharing with family or friends.

100% dedicated to mobility thanks to the Smart Companion offered with your product. Clever accessories offered that allow you to enhance the product experience.

Origine France Garantie

Certifies that this product is entirely made in France: injection, assembly and packaging.

A demanding environmental and technical specifications to significantly reduce the carbon footprint.

Port(s) USB C PD

Color : Gray

Feature(s) : - 30W USB C PD - Power Delivery GaN - Made in France certified

Carbon footprint (kg CO2e) : 1.69

Ref : FPCS30WCGANMIFG

EAN : 3571211496366

Pack contents : 1 USB C PD Wall Charger + 1 Smart Compagnon

Lifetime warranted

Force Power replaces your charging accessory with new in case it gets damaged!*

Eco-designed in short circuit thanks to manufacturing in France

This product is designed, injected, assembled and packaged in Franche Comté to reduce carbon footprint

* The recharging time depends on the recharging capacity of the devices but also on the temperature, the wear of the battery, the power delivered by the charger and the charge level of the device.

Works with the following protocols: AFC (Samsung), FCP (Huawei), PPS (Samsung), PD 3.0 (Apple, Samsung, Fairfone, One Plus), Apple 2.4A (Apple), SCP (Huawei)
