## Descriptif produit

### AirPods Pro have been redesigned to give you even richer sound.

Rebuilt from the sound up  
AirPods Pro (2nd generation) have been re-engineered to deliver up to 2x more Active Noise Cancellation. Adaptive Transparency reduces external noise, while Personalised Spatial Audio immerses you in sound. A single charge delivers up to 6 hours of battery life.<sup>7</sup> And Touch control lets you easily adjust volume with a swipe. The revamped MagSafe Charging Case is a marvel on its own with Precision Finding built-in speaker and lanyard loop.<sup>^</sup>

#### Superior audio quality

The upgraded H2 chip powers smarter noise cancellation and three-dimensional sound. Adaptive EQ tunes music to your ears in real time to deliver crisp, clean high notes and deep, rich bass in stunning clarity.

#### Up to 2x more noise cancellation<sup>1</sup>

Active Noise Cancellation now cancels twice as much unwanted noise, so nothing interrupts your listening during a commute and when you need to focus. And Adaptive Transparency reduces and adjusts down the intensity of loud noises at 48,000 times per second, so you can comfortably stay connected to the world around you in any setting.

#### Personalised listening

A listening experience all your own. Pick from four sizes of flexible silicone ear tips (XS, S, M, L) for an ideal acoustic seal and fit. Personalised Spatial Audio with dynamic head tracking tailors the listening experience by precisely placing sound elements in the space around you.<sup>9</sup> Adaptive EQ tunes music to your ears, so you hear consistently detailed playback, every time.

#### Expanded battery life

Now you can enjoy up to 6 hours of listening time on a single charge, and up to 30 hours of listening time with the MagSafe Charging Case.<sup>009</sup> Recharge the MagSafe Charging Case with an Apple Watch or MagSafe charger. You can also use the Lightning connector or a Qi-certified charger.

#### Redesigned charging case

The re-engineered MagSafe Charging Case includes the U1 chip with Precision Finding to help you identify the location of your case. And if you're nearby and it's tucked away you can play sounds from the built-in speaker. A built-in lanyard loop<sup>^</sup> lets you attach your case to a backpack or handbag, so it's always within reach. And both AirPods Pro and the MagSafe Charging Case are built to brave the elements, with IPX4 sweat and water resistance.

#### More magical than ever

AirPods Pro (2nd generation) deliver an even more effortless experience than the original model. Touch control lets you manage playback functions from the stem and adjust volume with a light swipe up or down. Have Siri read your important messages and alerts as they arrive with Announce Notifications.<sup>3</sup> Easily share a song or show between any two sets of AirPods with Audio Sharing. And as always, AirPods Pro magically connect to your iPhone or Apple Watch, and sound moves seamlessly when
