

Phoenix True Wireless Earphones ANC and Solar Charging Waterproof In-Ear Midnight Black Urbanista

Descriptif produit

Unleash the power of light

Unleash the power

Phoenix harnesses the power of light to deliver an endless playtime experience that you control. Integrated with groundbreaking Powerfoyle™ solar cell material, the streamlined charging case continuously recharges whenever exposed to all forms of light for a truly true wireless audio experience liberated from cords and charging cables. In addition, Phoenix's battery reserve offers an impressive 32 hours of playtime that guarantees you never run out of charge even in low light conditions.

Unleash the freedom

Phoenix's true wireless design allows you to enjoy your playlists and podcasts wherever you are, without any restraints. Virtually weightless, the earphones sit lightly in your ear so you can listen with minimal distractions, and intuitive touch controls and intelligent voice assistance let you effortlessly take charge of your tunes while enjoying full freedom of motion. The earphones' new multipoint connectivity feature guarantees you can always easily and effortlessly connect to your Bluetooth device of choice.

Solar powered

The world's first self-charging true wireless earphones with a case powered by Powerfoyle solar cell material.

Always charging

The unique Phoenix case is constantly charging whenever exposed to light, either outdoors or indoors.

Hybrid anc

Hybrid active noise cancelling cancels out distracting noises so you can enjoy your audio without interruptions.

Unleash the sound

Phoenix puts you in complete control of your audio experience. Effortlessly take charge of your tunes with intuitive touch controls and intelligent voice assistance. App support gives you deeper customization options so you can adjust the audio to meet your taste, and advanced hybrid active noise cancelling and noise-reducing microphones make sure you can enjoy music and crystal clear calls in any environment.

Unleash the style

Urbanista Phoenix comes in two iconic colorways, Midnight Black and Desert Rose, lighting up your ears with superbly radiant sound. The custom-fit silicone tips provide sound isolation while securely cushioning the headphones in your ear, and an IPX4 water resistance rating allows you to safely and confidently use Phoenix come rain or shine.

Urbanista application

The perfect companion to your Urbanista headphones, allowing you to customise the features and personalise the way you use and experience your audio. For Phoenix, the app has a live view to track your gain and battery status. You can also easily switch between different sound modes and create your own personal settings for your headphone controls.
