

Pixel Buds A-Series - True Wireless In-Ear Earphones Black

Google

Descriptif produit

With high quality sound and a design that adapts to all body types, the Pixel Buds A-Series headphones deliver richness and audio clarity ideal for listening to music or making calls.

Exceptional sound at your fingertips

Thanks to their custom-designed 12mm dynamic drivers, Pixel Buds A-Series headphones deliver rich, high-quality sound.

Superb lines for unparalleled comfort

Pixel Buds A-Series headphones are sweat and water resistant. They also have a stabilizing arch that keeps them in place, even with intense physical exercise, and a design that adapts to all body types;

Keep in touch

Thanks to noise reduction, enjoy exceptional sound quality for your calls. The person you call can hear you perfectly, wherever you are.

Stay focused

Stay focused and productive with up to 5 hours of battery life or 24 hours with the charging case. For fast charging, place the headphones in the case for 15 minutes and gain up to 3 additional hours of listening time. For a full recharge, just leave them in their case for 1 hour.

Soft sound to your ears

Thanks to their custom-designed 12mm dynamic drivers, Pixel Buds A-Series headphones deliver rich, high-quality sound.

Great sound everywhere

The Adaptive Sound feature automatically adjusts the volume based on the ambient sound level.

Clear sound for your calls even in a noisy environment

Enjoy clear sound for all your calls with the spatially filtered microphone, even in noisy environments.

Get the help you need with the Google Assistant

To play music, check the weather, or read your notifications, just say "" Hey Google "", or long press the earpiece to talk to Google Assistant.

Google Translate: a translator built into your headphones

Get real-time translations right in the ear when using a Pixel or Android 6.0 (or later) phone.

Unique design designed for your ears

With their design that adapts to all body types, three tip sizes and a stabilizing arc, the Pixel Buds A-Series headphones stay in place and create gentle noise isolation for exceptional sound.

Long battery life

In-Ear
