Poppuck starter pack Dye Daze Purple Popsockets

Descriptif produit

The future of thumb sport

PopPuck is a bit like a magnetic skate park for thumbs. You flip, stack and manoeuvre the pucks to perform tricks like the Swizzlestack, Bowl Wipe and Backside Launch.

Hundreds of tricks

Maybe even more... Master the MagFlip and turn your thumbs into living legends. Every part of the PopPuck can be used for tricks. Unleash your creativity!

Become a Puck Baron

Two pucks are fun. Several pucks are even better. Experiment with original pucks, or swap them for those of your friends. PopPuck Booster Packs are sold separately.

Take it anywhere

Hang up your PopPuck and detach it thanks to its magnetic fastener.

Pro tip: Did a puck fall during a trick? Pick it up directly with the bowl.
