

LED Lamp Luffy One Piece 40cm Teknofun

Descriptif produit

Decorate and brighten up your home

Light diffuser

LED neon provides an even distribution of light, avoiding shadows and dark areas. This creates a soft, soothing light.

USB socket

The lamp is equipped with a practical USB plug, allowing you to easily connect it to a power source. You can connect it to a standard wall socket, computer or even an external battery for use anywhere in your home.

ON/OFF button

The lamp has an ON/OFF switch for simple, intuitive use.

Wall mounting

Its compact, lightweight design makes it easy to wall-mount. You can hang it effortlessly in minutes, transforming your wall into a luminous work of art.
