Samsung Galaxy S24+ Resin Case flame Paris 2024 - Made in France JO 2024

Descriptif produit

Adopt the Olympic style with the PARIS 2024 case

Anti-shock hybrid shell

Flexible on the sides and rigid on the back, it protects the back and edges of your mobile phone from knocks and scratches. The sides are transparent, giving free access to the device's ports.

Exclusive resin coating

The application of a self-healing, non-slip resin to the back of the shell gives a premium finish and depth to the printed motifs.

Elegant protection

Featuring high-quality 3D printing for a striking visual effect.

JO 2024

Celebrate sport with style and show your Olympic spirit with this protection in the colours of Paris 2024.

Design Flame

The Paris 2024 emblem is a combination of gold medal, flame and Marianne, combining three iconic symbols to embody the human and fraternal nature of the Games.

Made in France

This product is designed, processed and packaged in France.
