

Everything box Photo Printer HI-PRINT Gen 2 Bluetooth® 2x3" + 1 color films pack White Polaroid

Descriptif produit

The pocket photo printer your imagination needs.

A Bluetooth® pocket photo printer that turns the content in your phone camera roll into a high-quality print ready to stick on whatever (and whoever) you like. Start printing straight from the box with 40 sheets of print-ready photo paper.

Behind Polaroid Hi-Print
Say hello to the next generation of image printing. Polaroid Hi-Print uses dye-sublimation technology to give you beautiful, life-like prints to surround yourself with. Get all the quality you'd expect from a photography brand with all the freedom to create when inspiration strikes.

Seriously good printing
...for not-so-serious ideas. Turn screenshots, memes and moments into high-quality, fade-proof prints.

Ideas that stick
Pocket-sized and portable, grab the Hi-Print and our 2x3" photo paper for stickers on the move.

Do more than just print.
Get creative with your content using the free Polaroid Hi-Print mobile app.
