

2-Pack iPhone 12 / 12 Pro Screen protectors Tempered glass

WOW

Descriptif produit

A pack of 2 screen protectors to effectively watch over your mobile screen

Pack of 2 screen protectors

High resistance to scratches and shocks

The 9H hardness standard of tempered glass makes it the most scratch-resistant screen protector. The 9H grade is at the highest level of hardness before diamond (10H) on a scale that defines resistance to touch, pressure and shocks.

Smooth and fine touch

A sensitivity that greatly facilitates use and allows you to take full advantage of all the features of your device.

A real fuse against the breakage of your screen

Its role is to break by absorbing the shock to protect the screen of your device.

High definition

An optimal level of optical transmission and a minimal reflection rate allow the quality of the bright image and its colors to be maintained

Anti-fingerprints

Polymer-based surface treatment against fingerprints and the most frequent marks

Compatible

This tempered glass is perfectly suited to your mobile, while leaving enough space to use it with most cases.
