

In-Ear Galaxy Buds 3 Earphones Anthracite Samsung

Descriptif produit

Get lost in what you love. Galaxy Buds3 opens a new world of audio experience with well-balanced sound, unmatched comfort fit, ANC and seamless connectivity to your phone and watch.

Your world the way it's meant to be heard

Enjoy powerful, deep bass to clear treble through two-way dynamic speakers. The Galaxy Buds3 gives you well-balanced sound quality that enriches every moment of your audio journey. Hear like you're there.

Leave noise out of the conversation

Three microphones and a built-in voice pickup unit help you make clearer calls, while a machine-learning based solution filters unwanted sound so you can better share your world with family and friends.

Choose the sound you want to hear

Two microphones detect ambient noise while Active Noise Cancelling blocks unwanted sound. Background noise can be reduced up to 98% to keep you fully immersed in your music, games, audio books and your favourite podcasts.

Sounds tailored to your taste

Your every audio experience is tailored to your taste with Galaxy Buds3. With six different equaliser settings to choose from, you'll find your own pitch perfect, vibrant sound that keeps you immersed.

The lightest earbuds we've ever made

Galaxy Buds3 are lightweight (5g each) and keep music snug in your ears for even the most active lifestyles. With three sizes of soft, flexible silicon tips, you can find a custom fit to get the best ANC experience possible.

Plenty of play time, wherever you go

Whether you're watching your favourite shows, blazing through your playlist or enjoying the outdoors, Galaxy Buds3 keeps you connected and comfortable all day long. The long lasting battery life gives you up to 5 hours of play-time and 15 more with a fully charged case.

Switch without missing a beat

With Auto Switch, moving between your Galaxy devices is easier than ever. Go from watching a movie on your tablet to playing music on the Galaxy Watch3, all hands free. Galaxy Watch4 also supports Quick Buds Control, helping you turn ANC on or off, or check battery life right from your wrist.
