

# Play Touch True Wireless Earphones ANC Touchscreen In-Ear White + Lifetime Warranty Force Play

## Descriptif produit

## Headphones that make every listening experience a pleasure, with effective noise reduction and intuitive controls

### Quality listening experience

Make the most of your audio experience with our Play Touch in-ear earphones, designed with active noise reduction (ANC) technology to attenuate outside sounds.

### 35 hours of autonomy

The earphones give you up to 35 hours of combined autonomy thanks to our intelligent charging box. It features an intuitive touchscreen to control all essential functions: music playback, call management, noise reduction mode, volume, equalizer, battery level, and more. You can personalize your experience with settings like brightness or wallpaper.

### ANC

Active noise reduction technology that filters and attenuates unwanted external sounds. ANC gives you total immersion so you can enjoy your music to the full. It's also ideal for phone calls. By filtering out background noise, you can concentrate fully on your conversation and communicate clearly, even in noisy environments.

### Intuitive controls

Enjoy easy control with integrated touch and voice commands. Whether you want to adjust the volume, change the music or launch your favorite playlists, everything is at your fingertips with a simple touch or voice command.

### Splash and perspiration resistance

Splash-, rain- and perspiration-resistant, our earphones are perfect for an active or sporty lifestyle. The ideal companion for work and play, without fear of water splashes or sweat!

### Fast connection

Bluetooth 5.3 wireless technology ensures both a stable and fast connection. After a quick set-up, your wireless earphones activate automatically. Remove them from their casing and they immediately connect to your device, so you can enjoy high-quality sound.

### 3 Silicone tip sizes included

The three sizes of silicone ear tips are designed to give you a perfect fit for the shape of your ear. Enjoy enhanced sound isolation, exceptional comfort and a secure fit for an optimal audio experience. Whatever the size of your ears, the earphones are designed to fit you perfectly.

### Lifetime warranty

Force Play will replace your left or right earphone with a new one in the event of loss.

### Eco-designed, fully recyclable packaging

Cardboard (certified from responsible forest management), glue (vegetable-based) and ink (soy-based).

The FORCE service will send you a new replacement earphone for the lost earphone. Once a year and without time limit so that you can always enjoy your music!

FORCE: The smartphone accessories brand Lifetime warranty

- Sustainable accessories designed to last a long time
- Technological innovation at the service of performance and use
- A lifetime warranty to satisfy the most demanding customers
- A responsible commitment from the design of the product to its packaging: Recycled plastic, certified cardboard from responsible forest management, vegetable glue) and soy ink.
- A recycling center with pre-paid return of old products to be recycled to promote the circular economy

FORCE is a French brand whose products are designed and developed in Paris. French specialist in smartphone solutions for 25 years, our products are tested and certified according to the CE standards and directives in force on the market.  
From its delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?  
You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?  
Using the QR code or link provided in the pack of the purchased product [www.force-mobility.fr/recyclerie](http://www.force-mobility.fr/recyclerie), download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?  
Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!  
The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
