We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

### How do I return my product?

Using the QR code or link provided in the pack of the purchased product [www.force-mobility.fr/recyclerie](http://www.force-mobility.fr/recyclerie), download a free return voucher from our site to return your product to us for recycling.

### What happens to my old product?

Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

### A reduced carbon footprint for a more responsible purchase!

The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
