

Bluetooth® Party Speaker Partybox Club 120 160W Waterproof Luminous Carrying Handle and Wheels Black JBL

Descriptif produit

Powerful JBL Pro sound

Powerful JBL Pro sound

Let yourself be seduced by the powerful JBL Pro Sound, which produces clear, dynamic sounds and deeper bass, even at the highest volume.

Futuristic projection

Combine this incredible sound with a thrilling futuristic light show featuring starry lights, light trails and strobe lighting effects, all synchronised to your beat.

Up to 12 hours of playback time

Dance from midday to midnight with up to 12 hours of playtime on a single charge. And if you're just warming up, just replace the replaceable battery* and keep going. What's more, a 10-minute quick charge gives you an extra 80 minutes of battery life. *

Replaceable battery sold separately

Folding handle

The PartyBox Club 120's folding handle makes it easy to take with you wherever you go. The speaker's ergonomic body is designed to distribute weight evenly, making it easy to carry.

Splash-proof

Whether you're partying with friends in a prc or by the sea, the JBL PartyBox Club 120 is IPX4 splashproof, which means a little rain won't stop you from having fun.

AI sound boost

Get the most out of your speaker. AI Sound Boost analyses the incoming signal in real time while simultaneously using an AI algorithm to predict speaker movement and power response. It pushes the speaker to its maximum capacity, fully exploiting the dynamic range for better, more powerful sound. It also reduces distortion, even at high volumes, maximising bass output and overall level.

Connecting multiple speakers via Auracast

Want the original JBL Pro sound to roar even louder? Combine two stereo speakers for a wider soundstage. For your biggest events, multiple JBL Auracast-compatible PartyBoxes can be connected wirelessly using Auracast.

Dual mic and guitar inputs

Showcase your talent, live. You can easily sing and play your music with dual guitar and mic inputs. With EQ karaoke control and a built-in light show, everyone looks and sounds like a superstar.

JBL PartyBox app

The JBLBox app makes it easier than ever to add interactive party effects, control your music, adjust EQ settings and customise the colours and patterns of your light effects, for the perfect party atmosphere.

Made in part from recycled materials

The JBL PartyBox Club 120 incorporates post-consumer recycled plastic. It's also packaged in FSC-certified paper printed with soy ink.
