Bluetooth® Headphones Mondo FreeStyle On-Ear Black Defunc

Descriptif produit

Own your music

Unique acoustics for deep bass

We've developed a unique structure to prevent sound leakage and control bass. This gives the 36 mm driver the best conditions for optimum sound performance. So you can continue to enjoy powerful bass in a lightweight format.

Compact and lightweight

MONDO Freestyle is so light you'll forget you're wearing it. Except for the sweet sound in your ears.

Designs inspired by musical heritage

Whether you love the '80s or were 2 years old for the first time when they were launched, you'll love this retro charm.
