

Descriptif produit

Elegant protection

360° protection

The case moulds perfectly to the shape of your Airpods charger. It protects against everyday bumps, drops and scratches.

Access to all ports

Designed for easy access to all AirPods ports and functions without having to remove the case. It's easy to connect or recharge your earphones.

Visible LED light

The shell is specially designed to let the LED light from the AirPods charging case shine through, allowing you to check the charging status without removing the cover.

Wireless charging

Compatible with wireless charging. No need to remove the case to put your AirPods on a wireless charger.

Scratch-resistant

Superior scratch-resistant design and high-definition prints that won't fade.
