

Xiaomi Watch 2 Smart Watch Black Xiaomi

Descriptif produit

Smart at all times

A more connected lifestyle, a new experience

Powered by Wear OS by Google

Wear OS by Google keeps you up to date and in the moment. Find your favourite Google applications on your Xiaomi Watch 2. Get around with Google Maps, pay wherever you are with Google Pay, find answers to your questions with the Google Assistant, and much more.

A world of content

With Google Play, access a variety of applications and dials at any time, wherever you are, from your Xiaomi watch

- Google Wallet: ultra-fast payment
- Google maps: Never miss a turn
- Hey Google: Always there to help

Intelligent platform, benchmark performance

Advanced 4nm processor: better performance with lower power consumption

Dual architecture of large and small cores delivers high performance and autonomous switching with low power consumption, resulting in long battery life, large storage memory and a smoother high-end experience.

2 GB + 32 GB: Very large storage memory

With LPDDR4X and eMMC memory, the Xiaomi Watch 2 offers impressive storage and space performance, comparable to a smartphone. Download as many watch faces and third-party apps as you like, plus all your favourite tracks to boost your workouts.

Battery life up to 65 hours: magnetic charge

With its high-capacity 495 mAh battery and Qualcomm's hybrid architecture, the Xiaomi Watch 2 has a long operating time.

Intelligent monitoring, a healthier life.

Over 160 sports modes

Supports over 160 sport modes with an optimised professional algorithm model that provides you with more accurate training data, so your workouts are based on more scientific data, to be more productive.

Professional ski mode, clear display of your performance data and location

With the new professional ski mode, you can capture and record the distance and average speed for each run.

To find out more, go to the results page and even discover your 'ski map'.

5-system L1+L5 GNSS: improved positioning accuracy

Integrated with Google Maps, the Xiaomi Watch 2 excels at navigating complex environments such as high-rise buildings and jungles, providing clear information on distance, pace and route.

5 ATM* water resistance

Don't worry about getting wet. Wear it while running in the rain or swimming for more accurate exercise data.

**Pack contents : 1 smartwatch + 1
charger + 1 manual**

New upgrade: 12-channel PPG monitoring

The Xiaomi Watch 2 has 12 channels of PPG monitoring to track your heart rate, blood oxygen saturation and stress levels faster and more accurately. It also offers more powerful anti-interference capabilities to identify your sleep patterns with greater accuracy.

All-day health monitoring

All-day heart rate monitoring

Multiple heart rate monitoring modes and heart rate anomaly alerts to protect your heart health.

What's your sleep pet?

Sleep with the watch on your wrist for seven consecutive nights for an even more accurate sleep analysis using the Mi Fitness app. Depending on your sleep habits, you'll be assigned a 'sleep totem animal' to help you visualise your sleep style.

Stay safe with emergency assistance

Call for emergency assistance

In the event of sudden physical discomfort, a threat to personal safety or other unpredictable situations, press the bottom button 3 times in succession to instantly call an emergency contact.

Get help if you've accidentally fallen*

In the event of an accidental fall, the Xiaomi Watch 2 can automatically call your emergency contacts and text your location.

Health data at your fingertips

Thanks to the algorithm independently developed by Xiaomi and the Mi Fitness app, the Xiaomi Watch 2 can monitor your health with greater precision. It also supports a wide range of training apps popular with users around the world, including Strava and Suunto.

Smart design, new style

1.43-inch AMOLED screen: A more streamlined view

The large AMOLED Retina display offers a clear, detailed view at a glance. Resolution: 466x466, 366PPP

Lightweight aluminium alloy case: sleek design

The Xiaomi Watch 2 features a lightweight aluminium alloy case available in two stylish colours, for a modern, high-tech aesthetic. The timeless layout, with buttons on both sides, complements watch straps and dials in a variety of styles, making it suitable for all occasions.

Versatility: For every personality

Let yourself be tempted by the multitude of bracelets made from unique materials, each offering a refined feel that epitomises good taste.

Combine them with different watch dials to enhance your unique style.

Multifunction watch dials: Personalise as you wish

Personalise your watch with practical and attractive integrated multifunction dials. You can also browse dial recommendations in Google Play on your wrist.

Keep a pet on your watch

Take more steps and burn calories to earn points for feeding and training your pet! Watch your pet grow up and enjoy the surprises it has in store for its company.

New environmental protection theme

The new watch dials feature endangered animals, plants and natural landscapes, drawing attention to the environment and encouraging eco-friendly activities.

Intelligent connections, the ultimate in comfort

Interactive course on the senses: Unleash your inner boxer

Open the Mi Fitness app for integrated boxing and sparring training. Have fun while mastering punches, hooks, footwork and dodges. Put on the Xiaomi Watch 2 and train anytime, anywhere.

TV remote control around your wrist: simple and intuitive

The Xiaomi Watch 2, thanks to the Xiaomi TV remote control app, can be used as a handheld remote control, making it easy to change channels and adjust the volume of your Xiaomi connected TV*.

Remote camera release: Preview on your wrist

Supports photo shooting, video shooting and remote previews*. There's no need to ask others for help: you can even take time-lapse shots with the timer for 3 s and 5 s.

Answer calls from your wrist: always stay connected

Synchronise notifications from your phone via Bluetooth®. Easily answer calls on your watch using the built-in microphone and speaker.
