

Airpods 4 True Wireless ANC Earphones White Apple

Descriptif produit

Minus the wires. More magic.

Redesigned to deliver exceptional audio performance and comfort, and available with Active Noise Reduction, Adaptive Audio and Transparency mode. A first for this design. Thanks to the powerful H2 chip, enjoy clearer calls with Voice Isolation, magical Conversation Detection and a new hands-free way to interact with Siri. Personalised spatial audio with dynamic head movement tracking puts you right at the heart of the sound. IP54-rated, they are resistant to dust, perspiration and water. USB-C charging gives you up to 30 hours of listening time using the charging case. The charging case's built-in speaker makes it easy to find your AirPods 4 with the Locate app. The charging case is also compatible with Apple Watch wireless chargers and Qi-certified chargers.
