

## Solar Powerbank Go2 10000mAh 2 USB A+C ports 15W Lamp + carabiner Black Xtorm

### Descriptif produit

**What makes this Power Bank special? A carabiner clip for easy attachment, a small solar panel for backup energy, and an illuminating back panel that doubles as a lamp. Ideal for camping, festivals or travelling with an adventurous twist!**

**Xtorm Supreme Guarantee – Safe and Reliable**

The Xtorm 15W Go2 Power Bank is filled with the newest technology and undergoes a 6-layer safety check. This ensures your devices are protected against short circuits, overheating, and overcharging. Built to last, this Power Bank offers great value for money and guarantees years of #MoreEnergy for your devices!

- A-class materials – longer lifespan
- Newest technology – future-proof performance
- 6-Layer safety check- quality control

**2x Fast charging smartphone with 15W FastCharge**

Whether you have an iPhone, Samsung Galaxy, OnePlus, Google Pixel, or another brand, the 15W FastCharge feature ensures your phone gets 42% extra charge in just 30 minutes! With passthrough charging, you can power up your phone, earbuds or drone while the Power Bank itself is charging.

**Lightweight, compact and adventurous design**

This slim and compact Go2 Power Bank fits easily into your bag or hand luggage while travelling. The extra features like the solar panel, carabiner clip, and illuminated back, make it a real eyecatcher.

- The 1.0W solar panel is designed as a backup power source rather than a primary charger. The four green LED lights show how much solar energy is collected. In the manual you find an overview of estimated charging times.
- Use the carabiner to attach the Go2 Power Bank to your backpack for example.
- Turn the illuminated back of the Power Bank on or off by pressing the power button twice. Always a convenient lamp at hand whenever you need it.

**Sustainable and environmentally conscious**

Xtorm is committed to a greener future. The Go2 Power Bank housing is 85% made from recycled plastic with GRS-certificate. The packaging is almost entirely made of FSC-certified, recycled paper. Also, the small plastic hook is fully made of GRS-certified, recycled plastic.
