

# Magnetic MagSafe Powerbank Fuel Series 5 10000mAh 1 USB C port 15W Qi Black Xtorm

## Descriptif produit

**With this magnetic FS5 Powerbank, you always have #MoreEnergy for your iPhone at your fingertips.**

### Extra power for your iPhone

This Magnetic Wireless Powerbank is perfect if you use your phone all day long, because your whole life is on it! With a capacity of 10,000 mAh, you have extra power for your phone at your fingertips and can easily make it through the day without worrying about recharging! Magnetically attach the Powerbank to your phone and press the button to start charging.

### Xtorm MagCharge Ultra - 20% more in 20 minutes

Xtorm MagCharge Ultra technology charges your phone magnetically and wirelessly. The Powerbank's powerful magnets fit perfectly with your iPhone's magnets and connect seamlessly. The FS5 Powerbank attaches to your phone's magnets and, with a simple click, the battery is charged wirelessly and as efficiently as possible. The MagCharge Ultra 15W can charge an iPhone to 20% in just 20 minutes! The Xtorm MagCharge Ultra is fully compatible with Apple's MagSafe system.

### Charge upright in portrait or landscape mode

To start charging, simply click the power button hidden behind the kickstand. The integrated metal kickstand allows you to prop up the Powerbank while charging. It transforms the Powerbank into a desktop charger on which you can watch videos or make video calls in portrait or landscape mode.

### Keep moving while charging

The Powerbank is designed to fit perfectly in your hand, even while charging. The unique pattern on the back of the FS5 Powerbank and the material used ensure a comfortable grip. The Powerbank snaps magnetically onto your iPhone and charging begins with a simple click on the kickstand. View your photos or scroll through your Instagram feed while charging.

### The LED screen displays the percentage

During charging, the current battery percentage is displayed on the Powerbank's LED screen. This allows you to literally see the energy flowing from the Powerbank to your phone! As the percentage decreases, you can also see exactly when it's time to recharge the Powerbank. This ensures you always have enough #MoreEnergy.

### Pass-through function for double charging

Via the USB-C PD port, you can recharge the FS5 Powerbank. Here, you charge the Powerbank with 20W Xtorm Super FastCharge! This technology charges the magnetic Powerbank super fast. This FS5 Powerbank also has a pass-through function. While the Powerbank itself is being charged via the USB-C PD port, you can simultaneously recharge your iPhone wirelessly!

### Fast charging of smartphones via cable

It is also possible to charge smartphones that do not support wireless charging via the USB-C PD port. With this charging method, you do so with 20W Xtorm Super FastCharge. This technology ensures that every new type of smartphone is charged super fast! This makes the FS5 Powerbank a portable charger that you can use every
