

Alarm clock with night light Billy Clock MOB

Descriptif produit

The perfect combination of alarm clock and night light, the Billy alarm clock is the ideal companion to decorate and illuminate a child's room.

Billy Clock: Kids' Favorite Alarm Clock!

The Alarm Clock That Blends Style and Practicality
The Billy Clock is more than just an alarm clock: it's a stylish bedroom companion packed with fun features! With its modern design in soft fabric and soft-touch silicone, it adds a touch of sweetness to your child's room. Easily set the time, date, and up to three alarms for perfect organization. And with the integrated nightlight in the shape of a soft silicone bunny, your child will feel safe and secure all night long.

Guaranteed Softness and Elegance
The Billy Clock creates a warm and elegant atmosphere in your child's room. Easily set the time and alarms, and adjust the brightness of the integrated nightlight with a touch button. With the Billy Clock, every waking up is a gentle and soothing experience.

The Perfect Combination of Alarm Clock and Nightlight
The Billy Clock offers two modes: standard mode, where the time is always displayed, and TR (Touch Responsive) mode, where the time is only displayed when you touch a button, thus extending battery life. Enjoy the integrated nightlight to create a relaxing atmosphere in your child's room. You can adjust the brightness for up to 7 hours of operation at 30%-40% intensity, or leave the clock on continuously for up to 14 hours of battery life (without using the nightlight).

Soothing Sounds
We've added 5 new relaxing sounds to our Billy Clock: birdsong, the sound of ocean waves, gentle flowing water, a snooze function, and a lullaby, for an even gentler and more pleasant wake-up.

Portability and Easy Charging
The Billy Clock is portable and can be carried anywhere in the house. It recharges easily thanks to a Type C cable supplied with the alarm clock, allowing you to enjoy its features wherever you are.
